AIRFIELD LIGHTING SYSTEMS LIMITED

Frangible Coupling and Base Plate

ALS Illuminated and Non-Illuminated Sign Mounting System

The ALS frangible coupling and base plate were designed to complement the Company's range of AGL Taxiway Sign's Illuminated and non-Illuminated, with a pole diameter of 50.08mm of varying length dependent on Sign.

The frangibility has been designed into the coupling so that the complete system complies with:

ICAO Annex 14 Vol. 1 Para 5.4 & Appendix 4. July 2004

UK CAP 168 May 2006
